

**AMENDMENT TO RULES COMMITTEE**  
**PRINT 117-8**  
**OFFERED BY MR. SCHRADER OF OREGON**

Page 302, after line 3, insert the following (and re-designate accordingly):

1                   “(B) carry out activities that—  
2                   “(i) improve a bridge—  
3                   “(I) with regional geographic sig-  
4                   nificance; and  
5                   “(II) that serves at least 85,000  
6                   vehicles a day; and  
7                   “(ii) have completed any applicable  
8                   design and approval phases and are at the  
9                   construction phase;

Page 299, line 4, strike the closing quotation mark and final period and insert the following:

10           “(l) PRIORITIZATION.—In carrying out this section,  
11 the Secretary shall prioritize projects for bridges—  
12           “(1) with regional geographic significance;  
13           “(2) that serve at least 85,000 vehicles a day;  
14           and

1           “(3) that are in the construction phase of the  
2           project.”.

Page 367, after line 16, insert the following (and re-designate accordingly):

3           “(H) PRIORITIZATION.—In carrying out  
4           this section, the Secretary shall prioritize  
5           projects for bridges—  
6                   “(i) with regional geographic signifi-  
7                   cance;  
8                   “(ii) that serve at least 85,000 vehi-  
9                   cles a day; and  
10                  “(iii) that are in the construction  
11                  phase of the project.”.

Page 426, after line 25, insert the following:

12           “(E) The extent to which the project car-  
13           ries out activities that—  
14                   “(i) improve a bridge—  
15                           “(I) with regional geographic sig-  
16                           nificance; and  
17                           “(II) that serves at least 85,000  
18                           vehicles a day; and

1                   “(ii) have completed any applicable  
2                   design and approval phases and are at the  
3                   construction phase.”.
